## The Athens Technological Organization (ATO)

The Athens Technological Organization (ATO) is a non-profit organization established in 1958, to further technology and scientific research on any subject which can contribute to the improvement of human living conditions, technical and economic development and the training of people capable of pursuing these purposes.

## Athens Center of Ekistics (ACE)

Upon its establishment in 1958, ATO started ekistic research and educational programs and later on in 1963 established the Athens Center of Ekistics (ACE) to foster a concerted program of research, education, documentation, and international cooperation related to the art and science concerned with the development of human settlements. In the domain of documentation in addition to its library, ACE publishes the following two journals:

- Ekistics, the Problems and Science of Human Settlements, and
- The Ekistic Index of Periodicals, as well as
- A series of research reports and monographs documenting its following four major research projects:
  - "The City of the Future"
  - "The Capital of Greece"
  - "The Human Community"
  - "The Ancient Greek Cities"

Since 1965 ATO-ACE have hosted on their premises the Headquarters and Secretariat of the World Society for Ekistics (WSE), an independent organization, whose goals and objectives are compatible with those of ACE.

## World Society for Ekistics (WSE)

The Society – an international nongovernmental organization (NGO) in consultative status with the United Nations (ECOSOC) – is a nonpolitical and nonreligious body with limited membership, formed to study man's patterns of living and their physical expression in the past, present, and future. The aims and objectives of the Society are:

- To promote the development of knowledge and ideas concerning human settlements by research and through publications, conferences, etc.;
- To encourage the development and expansion of education in ekistics;
- To educate public opinion concerning ekistics, thus stimulating worldwide interest and cooperation;
- To recognize the benefits and the necessity of an interdisciplinary approach to the needs of human settlements, and to promote and emphasize such an approach.

## WSE Executive Council (1 January, 2005 to 31 December, 2006)\*

**President:** Suzanne Keller (USA)

**Vice-Presidents (in alphabetical order):** Charles M. Collins (USA), Takashi Doi (Japan), Klaus Illum (Denmark), Mao Qizhi (P.R. China).

**Secretary-General/Treasurer:** Panayis Psomopoulos (Greece).

**Members (in alphabetical order):** Ray Bromley (USA), Suhail al Chalabi, Alexander B. Leman (ex-officio as immediate past President – Canada), Lawrence D. Mann (USA), William Michelson (Canada), Catharine Nagashima (Japan), Anis ur Rahmaan (Pakistan).

\*The President and all other members of the Executive Council are elected by the General Assembly of members for a two-year term.
